CHOICE COINS FROM NEW ENGLAND'S LARGEST & MOST ACTIVE RARE COIN DEALERSHIP!

OUR POLICY

Here at New England Rare Coin Galleries, the emphasis is always on quality We believe that quality more than pays for itself in the long run We grade our coins accurately and conservatively, and quite often, our AU coins will be equivalent to, or better than, coins offered as BU or even Choice BU by some other sellers. We don't believe in pushing grades or ignoring defects All coins are described as fully as possible with scratches, weak strikes, nicks, or signs of cleaning mentioned.

QUALITY AND VALUE:

That is why our prices may seem higher at times However, the fact that America's leading dealers, collectors and investors continue to buy from N E.R.C.G (and at an ever increasing rate) should convince you that we do, indeed, offer the best possible value per dollar spent

EXPERTISE:

Our staff includes some of the finest and most knowledgeable numismatists in America Authenticity is guaranteed, and members of our staff are often called upon by museums, government agencies and other coin dealers for advice in authentication.

Furthermore, we are in constant touch with the coin market Members of our staff attend virtually every major coin show and many major auctions We are members of the F A.C T S teletype circuit, and have extensive direct contact with all aspects of the rare coin market We understand coin values and we understand the coin market This allows us to offer our investment clients meaningful advice as to which coins we feel will prove to be the best possible investment This advice is based on rarity, current demand vs. anticipated future demand, past performance, and several other aspects of market trends

With our help, our customers have made tremendous profits in rare coins In fact, the gains made by our investment customers have outpaced the coin market in general

PROFESSIONAL INTEGRITY:

We could advertise most of our Choice AU coins as BU and sell them at higher prices and we could just as easily tout the investment potential of a coin which we do not really feel is a good value However, since we are looking for long-term, repeat business, not one-time sales, we choose to offer correctly graded coins and express our true opinions to our clients. This policy has produced tremendous dividends for our clients and ourselves.

SERVICE:

We are here to meet your numismatic needs, whatever they may be and are always in a position to obtain the items you need for your collection or portfolio At N E R C G want lists are serviced, not ignored. We can offer advice on virtually every aspect of numismatics and the rare coin market

Nearly all orders go out the same day they are received All coins are shipped fully insured or registered, and all non-local orders are sent via AIR MAIL. We know you don't like to wait any longer than necessary to receive your coins and that is why filling your orders quickly and efficiently is so important to us Try our service We guarantee you will be pleased

SELECTION:

We actually have more difficulty buying quality coins than selling them Fortunately, our sources in this regard, are nearly unsurpassable. Many of America's leading dealers and collectors regularly call us with rare and desirable properties Our high-volume, low-margin of profit business allows us to pay very competitive (often record breaking) prices for rare coins

Members of our staff attending leading coin conventions examine several million dollars worth of coins a week to bring our customers the very best values from other dealers' inventories

As a point of interest, we do not hold back portions of our inventory as many dealers do All of our new purcheses are available for sale as soon as we can catalog and price them We don't keep the best investments for ourselves since we feel that our customers deserve to profit from this market

Our own million dollar inventory of rare coins is now one of the largest and most comprehensive in the nation Our business is to meet our clients' needs, and we think we do an excellent job of it

We have priced and graded all coins to be top values, and choice, desirable coins thet are priced to sell (and most of the coins we offer for sale fit into that category) cannot be expected to last long.

Invariably, when we publish our ads end price lists, we get multiple orders, often as many as 10 or 15 orders for the same item Nearly all items are one or two of a kind and thus we must often disappoint our customers with "sold out" letters and refund checks This is regrettable, but the alternative of pricing our coins so that they are not as good values to avoid multiple orders for the same item does not appeal to us, nor would we expect it to appeal to our valued customers.

Therefore, all we can say is please order as soon as possible and list second choices if possible We will not use your second choice listings unless we are sold out of your first choice

WANT LISTS:

If you are looking for a particular coin or several coins in a particular grade, send us a list of these We will do our best to locate them for you There is never any obligation on your part!

INVESTMENT COUNSELLING:

Our expert staff of numismatists will be happy to advise you as to the coins which we feel will offer you the best possible return per doller invested We are in constant touch with the coin market and are in a better position than most to recognize truly scarce and underpriced numismatic items. Investment packages can be tailor-made to your individual needs If you would like to discuss this service, call us and ask for Christopher Tracey

PRIVATE TREATY SALES:

We heve built one of the largest rare coin dealerships in the U S Our clientele includes many of America's leading collectors and investors Our problem is not selling coins — it is buying them! If you have a rare coin or a group of coins you would like to sell (and realize the best possible price for it!) send us a description of the coin(s) you have for sale If we heve a client needing the particular coin or group of coins, we can arrange to sell them through private treaty (We are also anxious to buy coins outright!)

AUCTION SALES:

We also offer auction service through our affiliate company, New England Rare Coin Auctions, Inc If you have coins to sell, you will find that our sales bring excellent results. And like our mail order company, N E R C A emphasizes *QUALITY* So, if you're looking to buy high quality coins for your collection or for investment try bidding at a N.E R C A sale

SATISFACTION GUARANTEED:

We are not happy until you are! All coins sold with a ten (10) day return privilege (Coins may be returned for any reason or no reason at all) All coins carry a life-time guerantee of authenticity When you order coins from N E R C G., we guarentee that you will receive an authentic specimen of the issue you order a point not to be taken lightly when you consider the number of counterfeit and altered examples of many issues that are currently on the market

TO SUM IT UP:

In numismatics, New England Rere Coin Galleries offers you the best of everything We hope you will give us the opportunity to serve you

98 PER CENT DO,
2 PER CENT DON'T

We sell 98% of our coins within 60 days after purchase. By that time the coins have appeared in our catalog, in two Coin World ads, and at several coin shows. With this kind of exposure, coupled with our grading and pricing, a coin is almost always going to sell.

Occasionally, a coin doesn't. It is no different from a real estate broker who can't sell the neat little house on the hill or the clothing store that can't sell a certain line of clothing. There is no concrete reason; they just won't sell. This is the case here.

The prices on the coins listed on the following pages may seem cheap, even mind boggling cheap, but it is not because the market is crashing or for any other reason except one: we are going to sell these coins. Anyone who links the prices with a weak market has not seen the results of recent auctions or the activity in rare coins at recent shows. In fact, our sales and profits are up in the past few months. Again, very simply, these coins have been priced at irresistably low prices in order to sell them now!

We advise that you call to reserve any coins you want, as we fully expect a 98% sell out. Even at these levels, it is possible that 2% still won't sell.

Our same conservative grading and fast service is guaranteed.

1854 Arrows and Rays, Gem BU. The difficulty of obtaining this coin in Gem BU cannot be over-emphasized. While this date was heavily hoarded, and many high grade examples are available today, the top specimens inevitably show friction on the obverse. (The back is almost always nice, though softly struck.) This coin is fully frosty on both obverse and reverse, and fully struck, even down the eagle's left leg. COIN INVESTMENTS:

There are many dealers today offering coin investment packages. So why choose New England Rare Coin Galleries? Are we really "better" than anyone else at picking investment winners, or is it just a blind guess? At N E.R.C.G., the "blind guess" is never a factor in our decision on what to send you, a comprehensive knowledge and understanding of the coin market *is* a factor, in fact, the primary factor.

In the last several years, the coin market has been so good one would have been hard-pressed to pick a loser However, assuming a dizzying upward spiral in nearly every issue cannot continue forever (a safe assumption, to be sure), then what exactly does a sound and sane investment in the rare coin market entail? N.E.R.C.G. has the answer. A *sure* winner every time? Impossible! The best possible chance for investment growth in rare coins? Every time!

Why? First of all, N.E.R.C.G. does not recommend coin investment if you cannot hold for at least 3-5 years. This policy does eliminate the "in and out" quick profit on short term, highly speculative items, but if you are able to consistently pick winners in these items, then you don't need us anyway. This also eliminates the "promotional" items, where "quick money" is also made. But more importantly, it also eliminates the large losses also associated with these issues. During the so-called "downward cycle" of late 1965 to 1969, we know of an investor who made 411% on coin investments. He was not omniscient, only sensible; lucky certainly, but also very well informed. We don't promise or even wish to imply that you can expect such remarkable success, but our experience and guidance in the rare coin market will give you an excellent chance at nice profits while enjoying the beauty, historical interest, and overall value of rare coins.

What you do receive and do *not* receive in your investment packages, is of equal importance. You will receive rare coins of outstanding quality, graded correctly and priced fairly Each coin is personally selected for you by Mr. Christopher Tracey, a veteran numismatic investment counselor. You not receive rolls of late date coinage, recently issued proof sets, medals of any kind, modern restrikes, low grade semi-scarce issues, or "tail-end" of "overstocked" issues. For instance, most coin collections we purchase include some outstanding coins and some not-so-outstanding. We do *not* pick out the best for our ads and "dump" the remainder on our investment customers; *every* coin in *every* package is from our regular rare coin Inventory. If we purchase a collection which includes a large quantity of one particular coin, we won't send every investor one just to get rid of it. Each coin is selected because we feel it has excellent investment potential. No coins are included in which the value is primarily based on intrinsic value as such coins fall into the "short term" investment category and do not serve your purpose and objective of *rare coin investment.*

In a few short years, N E.R.C.G. has grown into New England's largest and most active coin company. We are a leading source of rare coins for many major coin companies, and several times our sales to other dealers at a single coin show, have totalled well into six figures. By buying from N.E.R.C.G., you *too* can buy from the source. We have handled some of the top rarities in all of numismatics. In fact, members of our staff have bought and sold every gold dollar except the 1849 C Open Wreath, every quarter Eagle date ever issued, every three dollar gold except the 1875, every $5 gold piece from 1828 to 1929 except the 1841-O and 1854-S, and every $20 gold piece except the 1884, 1861-P Pacquet, and 1927-D. With such exposure to rare coins comes expertise, and the staff of professional numismatists at New England Rare Coin Galleries is unexcelled.

Many investors have encountered problems ordering investment packages from other dealers — problems they would never encounter at N.E.R.C.G.. For instance, one investor ordered from several companies and the following happened. From company #1 he received a gold commemorative at the "wholesale" price. Had the coin been accurately graded, it would indeed have been a fair price. However, the coin was overgraded a full grade and was only worth about 60% of the asking price. From company #2, he received 2 modern common coins which were accurately graded but overpriced a full 35%. While it is difficult to put an exact value on rare coins, these coins were such that an exact, value could be placed, as they were a modern issue. Anyone could purchase one or one hundred of these coins at 35% less. From company #3 he received nothing. Not until four months and three letters of inquiry later did he finally receive any coins at all! A neat story which serves our purpose, admittedly, but also a true story, as a member of our staff was the "investor" involved. None of these things would ever happen with a N.E.R.C.G. investment package First of all, each coin is accurately graded personally by company president, Jim Halperin. Secondly, the coin is priced, fairly and competitively, but with the accurate grade taken fully into account. Finally, when your check is received, your coins are shipped promptly. Always. There are no exceptions.

When the coin investor is ready to sell, there are many avenues open to him. If he wishes to

CAN WE REALLY HELP?

sell the coins to us, or through us, we offer our own auction service, New England Rare Coin Auction. A private treaty sale can also be arranged where we will sell the coins for him for a small commission. Or, if her prefers, we will purchase the coins outright for cash. Buying or selling, the customer is always treated fairly at N.E.R.C.G., and we strive to give him exactly what he wants.

The services N.E.R.C.G. offers are many, as complete as possible, and we are one of the few rare coin companies which offers coin investments applicable to the Keogh Act, which provides our customers with a sizable tax advantage. In addition, profit-sharing, pension plans and individual retirement plans are eligible for funding with rare coins. Investors large and small have the best chance at sizable profits in rare coin investments when they deal with us, as we provide our customers with every possible aid.

No name in numismatics is more respected than New England Rare Coin Galleries. This reputation has been built on accurate grading, fair, realistic prices, excellent service, and overall high business ethics. We have become "the company to see" when seeking rare and choice coins, and our success has been not only in New England but nation wide.

From an investment standpoint, our customers have had excellent success in their investments. Our investment recommendations have far outpaced the coin market in total percentage gains!

In addition in our lump sum program we provide you with background information on each coin so you know precisely what you have purchased. An explanation of grading (with reference to any special characteristics of this particular coin, such as striking, etc.) and the reason for pricing the coin the way it was priced are also provided.

We also pride ourselves on our expertise in authenticating rare coins. This is very important, as there are many counterfeit coins which we can easily detect because of die characteristics, color, strike, and surfaces — characteristics which can only be spotted by an experienced student of numismatics. Members of our staff are frequently consulted by museums, government agencies, and other dealers for assistance in coin authentication. Every coin sold by N.E.R.C.G. carries a lifetime guarantee of authenticity.

Many of our investors have ordered from us for years, and have shown excellent to amazing profits. We value these customers greatly, and we are happy to say many have told us we are equally valued by them for our counselling and for the high quality and value in rare coins that they have received. The world of numismatic investment awaits you, and New England Rare Coin Galleries would be glad to show you how we can help.

We now have two plans available;

First, our *lump-sum investment plan* (minimum order: $500.). These packages are tailor-made to your investment needs, and are assembled with the idea of affording you the best possible return based on the expected holding period. Each coin in your investment package will be individually priced, and any single coin or coins may be returned within 10 days, for any reason, (or for no reason at all).

Second, by popular demand, we have instituted a *monthly investment program* (minimum order: $100 per month). This is for the investor who wishes to invest in rare coins on a regular basis. We can help you build a beautiful and worthwhile portfolio over a period of years. Naturally, there is no obligation on your part at any time, and you may discontinue investing at any time for any reason. Of course, any coin may be returned within 10 days for a full refund.

If you would like to begin, please fill in the order form on the following page, and mail it to us with your check. We will immediately assemble your investment package and mail it for your approval.

YOUR SATISFACTION
IS ALWAYS GUARANTEED.

PLEASE ANSWER THESE QUESTIONS AS SPECIFICALLY AS POSSIBLE.

1 How long do you expect to be holding these coins? If you re not sure please give approximate chances of each possibility — example I will probably hold for 10-12 years but there is a 20% chance I will need to sell in 4 years [**Note: We do not recommend investing in rara coins unless there is a good chance you'll be holding them for an absolute minimum of three years.**]

2 Do you have any preferences regarding intrinsic values of coins, specific type of items that you prefer etc ? (Note We prefer that you leave these considerations up to us however we will accommodate any wishes regarding specific interests you may have Minimum gold coin investment is $200)

3 How do you intend to dispose of these coins when it becomes time to sell? Would you like us to give you our recommendations?

4 Do you know if you will be investing more money in rare coins using this plan in the future? If so approximately when and in what amounts? (This will help us plan which of the coins that fit into your picture to sell you now and which to plan on selling you later as we feel certain coins may now be underpriced and others overpriced on a short-term basis although both may have great potential on a long term basis)
